**IOGT Conference on Community and Rehabilitation – November 2013 in Berlin**

---

You are cordially invited to take part in the

**IOGT International Conference on Community and Rehabilitation**

Social work as a task for IOGT member organizations – an exiting exchange of national and international approaches, experiences and results.

**22<sup>nd</sup> to 24<sup>th</sup> of November 2013**

**In Berlin, IOGT House,  
Wildenbruchstraße 80, D-12045 Berlin**

**Aims of the conference:**

- Documenting how most of the European member organizations of IOGT International are working in the field of rehabilitation and social work. The target groups differ, and there are a lot of different methods being used.
- Showing that the willingness of the members to help and support fellow human beings in need is the core of this work. Self-help-groups and other forms of networking may give a new perspective for those who have been affected by alcohol and other drug-related problems.
- Raising awareness of the extent and nature of such work, as a basis for exchange and mutual learning about targets, methods and results.
- This is an occasion to make new friends, to form new networks and an opportunity for supporting and stabilizing the organizations.

**Target audience:** Board members and senior staff from IOGT member organizations in Europe; professional and political collaborators; key-persons of similar organizations by invitation.
