Still looking for more drinks? Can’t get enough of the magic stuff? Yeah, we know that feeling.

Seriously, who wants to be responsible when they are having the time of their lives? Who wants to cut back, moderate, monitor or take a time-out? But we want unlimited fun, uninterrupted party, boundless joy. We want life set free and that’s why we made this drink book, including truly magic drinks for the people who want to experience the 21st century and everything that comes their way deeply, profoundly and unspoiled.

Every single drink, in fact each blend of the ingredients is meant to enhance the emotions in the moment, so that it lasts a little longer, goes a little deeper, becomes a little truer.

We say cheers! May you create these drinks and with their help create awesome experiences.

Cheers! Cheers! Cheers!
